

NIHARIKA

VIDEO EDITOR | GRAPHIC DESIGNER | MOTION DESIGNER

I'm a Video Editor & Motion Designer passionate about creating cinematic, engaging, and high-impact content that captures attention from the very first second.

I transform raw footage into polished, compelling stories through creative editing, motion graphics, sound design, and visual storytelling. Every project is crafted with precision, creativity, and attention to detail to deliver videos that connect with audiences and leave a lasting impression.

I believe every frame should have a purpose, every cut should tell a story, and every video should create an unforgettable viewing experience.
